

## Calder Stewart Cycling Series

CYB CONSTRUCTION HOKITIKA CLASSIC

Saturday 13 April and Sunday 14 April 2019

Welcome to the Hokitika double-header weekend. It is certainly been a trying time trying to organise this weekend with weather destroying our plan A and B course options for the road race on Sunday. The new course looks exciting and will be tough with multiple circuits around the Woodstock-Rimu climb that is harder than the profile suggest, plus a 6km stretch of undulating dirt.

The first-ever series individual time trial will be a show down of the strong men and woman. The course is very fast and will suit the big gear churning power riders of the series. It is pretty much a "Merckx" style event with no TT bikes, clip on bars or disc wheels allowed. This will ensure the best

riders take the honours, not the best budget.

Please take the time to thank the team from the Hokitika Cycling Club for making this event possible and Chris Yeats from CYB Construction for sponsoring both events. Chris has been a long time sponsor and usually drives a car on the day. Fantastic to see sponsors getting involved at the coal face!

Have a great weekend and ride safe.

Richard and Jake
